

# Case Studies

---

**Topic:** All

**Language:** English

## Backup

- RedeHost Quadruples Backup Speed with MySQL Enterprise Edition

## Cloud

- Adzuna Relies on MySQL to Support Explosive Growth
- With Its MySQL [Database-as-a-Service](#) CERN Empowers Scientists
- School of Everything's Powerful Web Infrastructure Relies on MySQL deployed using Amazon EC2
- Register.it relies on MySQL to host mission critical Linux and Windows platforms
- Logicworks Delivers [Managed Database Hosting Service](#) with MySQL Enterprise

## Embedded

- Sony Boosts Competitiveness, Improves Customer Confidence, and Enhances Support
- SonicWall Achieves 100% ROI in Under Nine Months Using MySQL Embedded
- MySQL Powers AISego's Solutions
- Skybox Security Grows Its [Advanced Security Solution Leveraging Next-Generation Analytics](#)
- After 10 Years, [MySQL Still Best for ScienceLogic's Growing Data Demands](#)

**More (42) »**

## Hadoop

- boo-box Servers [1 Billion Advertisements per Month with MySQL and Hadoop](#)

## High Availability

- Viasuisse Provides [High Availability, Real-Time Traffic Information with MySQL Cluster](#)

## Migration

- Ticketmaster.com Migrated from Microsoft SQL Server [to MySQL and Improved Scalability by 400%](#).
- Shinsei Bank Relies on MySQL and SugarCRM to Radically Accelerate Enterprise Application Deployment

## MySQL Cluster

- MySQL Cluster Powers Leading [Mobile Media Publishing Platform](#)
- IOOF Cuts Time to [Complete Online Trades from Days to Seconds with MySQL](#)
- Callis Technologies Optimizes Customers' Offerings with [Real-Time Services Management](#), Thanks to [Scalable Database Platform](#)
- Big Fish [Selects MySQL Cluster for Real-Time Web Recommendations](#)
- PayPal Powers its [Global Fraud Detection System with MySQL Cluster](#)

**More (16) »**

## MySQL Enterprise Edition

- Lumata [Improves Performance and Reduces Overhead Costs by 20% with Database Upgrade](#)
- Isibet [Increases Database Performance and Reduces Operating Costs for Online Gaming and Betting](#)
- SCSK [Gains High-Performance and Scalable Enterprise Database Platform and Supports Threefold](#)

#### User Growth at Lower Cost

- Genoscope Makes Genomic Data Available to Scientists with MySQL Enterprise Edition
- Coupang [Delivers 24-Hour Online Shopping Convenience, Increases Customer Satisfaction, and Reduces Maintenance Costs](#)

**More (26) »**

### Performance & Scalability

- Verizon Wireless Supports its [Mission-Critical Employee Portal with MySQL](#)
- Waiting Room Solutions Relies on [MySQL for Web-Based Medical Management Systems](#)
- iStockphoto Grows to a [Top-100 U.S. Website](#) with MySQL Enterprise Unlimited
- Zappos [Uses MySQL to Power its Growth & Exceptional Customer Service](#)
- Wikipedia's [MySQL databases handle over 25,000 SQL queries per second](#)

**More (5) »**

### Replication

- Modirum Authenticates Transactions with MySQL
- College of William & Mary Relies on MySQL to [Deploy Network Admission Control Security System](#)

### SaaS

- Supply [Dynamics Delivers Business-Critical SaaS Solution](#) using MySQL
- RightNow [Delivers Software as a Service](#) using MySQL
